ESG SCORE: B

Good level of Sustainability company with a good level of adequacy to ESG principles, in line with the best national and international practices. The ESG score complies with the international reporting standards (Global Reporting Initiative, European Sustainability Reporting Standards and Sustainable Development Goals) and considers most important topics, materials and significant in relation to Environmental, Social and Governance factors.

The ESG score represents the assessment of compliance with ESG (Environment, Social, Governance) of a company, it also takes into account the industry sector and the country/region.
